

UPHOLLAND ROBY MILL PRIMARY SCHOOL NEWSLETTER

8TH MAY 2026

This week's news...

This week, KS2 have been reading a range of explanation texts in English and have been creating their own web pages in computing. KS1 have been writing their own versions of Handa's Surprise and created some beautiful charcoal still life pictures. Reception have been thinking about journeys and have started some sessions using Tales Toolkits where we make up our own stories. They were amazing!

KS1 had a super day on Thursday at Windmill animal farm. We saw a wide range of animals and loved the train ride around the farm. Well done to KS1 for representing Roby Mill so well.

Star of the Week

Iyla
for super decimal work in
Maths.

House Point Winners

Blue - Ava T, Evie

Green - Finn, Filip

Red - Ivy, Ava P

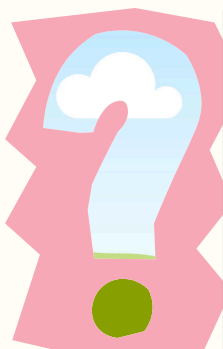

Earlier in the year, our KS2 class had an engineering day where we learnt all about engineering and what careers they could do. As part of the day, our pupils created an invention to help solve a problem. I am delighted to announce that every pupil was shortlisted to be judged in the finals. Unfortunately, on this occasion we didn't win but to have all our entries in the final is amazing. Well done KS2!

Next week is Sats week for our Year 6 pupils. They have been working so hard to revise all their knowledge and I know they will all do their best and be amazing. Good luck to our Year 6s. Shine bright like the stars you are!

This week's attendance:

93.2%
our target is 95%

This week's question...

Why do some people become so important to the world?

Upcoming Events

11.05.26 Start of SATS week for Y6
